# SOXS.co

Wool Socks – Naturally Warm & Eco-Friendly

Our wool socks are made from naturally insulating fibres that keep feet warm, dry and comfortable in colder conditions. Wool is breathable, moisture-regulating and odour-resistant by nature, making these socks perfect for everyday wear and outdoor use. Soft to the touch and durable in quality, they offer long-lasting comfort without compromising on sustainability. An eco-friendly choice for brands that value natural materials, performance and timeless appeal.

## Sheep's wool

Our socks are made from sheep's wool. Yes, sheep's wool. Despite the well-known phrase "goat wool socks", goats do not produce wool in the way sheep do.

The wool used for your SOXS comes from sheep in New Zealand that live under good conditions and are treated with care. They are shorn in an animal-friendly way, without the use of mulesing.

### Babysoxs

Soft and gentle baby socks designed for maximum comfort and warmth.

### Middle height

Classic crew-length socks suitable for daily wear and promotions.

### Ankle height

Low socks designed for everyday comfort and a clean look.

### Knee height

Stylish knee-high socks with strong visual impact.

## Handwarmer

Soft and warm handwarmers designed for comfort during colder days.

## Legwarmer

Comfortable legwarmers designed for warmth and style.

## Woven label

The woven label adds a premium finish and clearly reflects the SOXS brand identity.

## Box

The custom box is designed specifically to protect and present the socks in a high-quality way.

## Sticker on box

A branded sticker on the box provides a recognisable and consistent look.

## Sticker on paper

The sticker on the tissue paper adds a refined detail to the unboxing experience.

## Sleeve

The sleeve offers a lighter alternative to a traditional box while maintaining a premium appearance.
